

Product Data Sheet

Enviroguard Drip Oil

Biodegradable Drip Oil

Enviroguard Drip Oil contains a blend of vegetable oils and additives offering superior lubricant performance along with having high biodegradability properties.

Enviroguard Drip Oil was developed as an alternative to mineral oil based lubricants where the application involves environmental concerns and requires a biodegradable lubricant.

Product Features:

- High biodegradability
- High oxidative stability
- High flash point
- Contains no heavy metals

Customer Benefits:

- Good low temperature performance
- High VI (Viscosity Index)
- Excellent Lubricity

Applications:

- Where damage to water or soil contamination is possible
- Drip lubrication systems placed in sensitive areas
- Water well line shaft bearings
- Irrigation Systems

Product Data Sheet

Typical Properties

Enviroguard Drip Oil

Product Number	838	Test Method
API	22.14	-
Specific Gravity @ 60°F	0.921	ASTM D4052
Lbs./Gal	7.669	-
Density	0.92048	-
Flash Point @ °C	590	ASTM D92
Pour Point @°C	0	ASTM D97
ASTM Color	Pale Yellow	ASTM D1500
Viscosity @40°C	7.91	ASTM D445
Viscosity @100°C	34.14	ASTM D445
Viscosity Index (VI)	204	ASTM D2270

These properties are typical of the current production. Variations that do not affect product performance are to be expected depending on blending and manufacturing locations. The information above is subject to change without notice.

Health and Safety:

This product is unlikely to have any adverse health implications or safety hazards when used for its intended application. Avoid contact with skin, use resistant gloves when handling used oil. If skin comes in contact wash immediately with soap and water. For complete information on safe handling and product characteristics please refer to the Material Safety Data Sheet (MSDS) found on our website. www.royalmfg.com or call (918)-584-2671.

Packaging options:

55 Gal. Drums

275/330 Gal. Totes

>2000 Gal. Bulk
