

Enviroguard Tractor Hydraulic Fluid

Biodegradable Hydraulic Tractor Fluid

Enviroguard Tractor Hydraulic Fluid is specially formulated with high quality biodegradable base oils to meet the need for an environmentally friendly product. This product is designed as a “multi-use fluid” for use in farm tractor hydraulic systems, transmissions, differentials and wet brake systems.

Enviroguard Tractor Hydraulic Fluid remains fluid at -40°F. Because of its wide temperature range performance, it maintains the required viscosity at higher temperatures. With its exceptional anti-wear protection, it can be used in heavy loaded farm tractor differentials.

Product Features:

- High biodegradability
- Wide temperature range performance

Customer Benefits:

- Maximum wear protection
- Recommended for use in all types of farm and industrial tractors

Applications:

- This lubricant can be used in hydraulic systems, constructions, farming, lawn care as well as other applications. Enviroguard Tractor hydraulic fluid is compatible with most mineral and synthetic based oils but it is recommended the systems be drained and flushed before use.

Product Data Sheet

Typical Properties

Enviroguard Tractor Hydraulic Fluid

Product Number	843	Test Method
API	26.21	-
Specific Gravity@60°F	0.8967	ASTM 4052
Lbs./Gal	7.471	
Density	0.8967	
Flash Point@ °C	450	ASTM D92
Pour Point@ °C	-45	ASTM D97
ASTM Color	Light Orange	ASTM D1500
Viscosity@40°C, cSt	13.44	ASTM D445
Viscosity@100°C, cSt	43.03	ASTM 7042
Viscosity Index (VI)	282	-

These properties are typical of the current production. Variations that do not affect product performance are to be expected depending on blending and manufacturing locations. The information above is subject to change without notice.

Health and Safety:

This product is unlikely to have any adverse health implications or safety hazards when used for its intended application. Avoid contact with skin, use resistant gloves when handling used oil. If skin comes in contact wash immediately with soap and water. For complete information on safe handling and product characteristics please refer to the Safety Data Sheet (SDS) found on our website. www.royalmfg.com or call (918)-584-2671.

Packaging options:

55 Gal Drums

275/330 Gal Totes

Bulk
