Royal Cotton Picker Spindle Grease

A Semi-Fluid Special Cotton Picker Grease

Royal Cotton Picker Spindle Grease is a combination of superior base oils formulated with a lithium thickener and a combination of performance ready additives. Royal Cotton Picker Spindle Grease is embodied with high quality anti-wear, anti-oxidation and corrosion inhibitors to provide excellent water resistance and mechanical stability of the equipment.

Other Applications: Ball joints, bearings steering cylinder ball joints, steering components and hitch pivot points.

Features and Benefits:

- Excellent flow performance
- Optimum spindle protection
- Anti-wear performance
- Wide temperature operability - works efficiently in cold temperatures and also in moderately high temperatures.
- NLGI #00 consistency provides consistent flow for spindle protection.
- Unique additive combination provides extra protection against wetting agents, defoliants and plant juices
- Superior quality anti-wear additive protects equipment against wear and corrosion to ensure long life and efficient operation.

Specifications and Approvals:

Meets Case International B-27.

PRODUCT DATA SHEET

TREAT YOUR EQUIPMENT LIKE A KING™

Typical Properties

Royal Cotton Picker Spindle Grease		
Product Number	9050GD	Test Method
Color	Green	Visual
Texture	Smooth	Visual
NLGI Grade	00	ASTM D 217
Worked Penetration	415	ASTM D 217
Drop Point, °F	N/A	ASTM D 2265
Viscosity @ 40 C, cSt	N/A	ASTM D 445
Viscosity @ 100 C cSt	N/A	ASTM D 445
Viscosity @100 F, SUS	115	ASTM D 445
Viscosity @ 210 F, SUS	40	ASTM D 445
Type of thickener	Lithium 12 Hydroxy	-

These properties are typical of the current production. Variations that do not affect product performance are to be expected depending on blending and manufacturing locations. The information above is subject to change without notice.

Health and Safety:

This product is unlikely to have any adverse health implications or safety hazards when used for its intended application. Avoid contact with skin, use resistant gloves when handling used oil. If skin comes in contact wash immediately with soap and water. For complete information on safe handling and product characteristics please refer to the Safety Data Sheet (SDS) found on our website. www.royalmfg.com or call (918)-584-2671.

Packaging Options

35 Lb Pail

400 Lb Drum

2000/2400
Disposable Tote

45,000 Bulk Load
