

Royal Litholube #2

Multi-purpose Grease

Litholube Multipurpose Lithium Grease is premium lithium grease designed for both automotive and industrial applications. This grease is formulated from fully refined quality lube stocks, high quality lithium soap and additional additives to further enhance its lubrication effectiveness and bearing protection.

Litholube Multipurpose Lithium Grease has excellent temperature stability and will not melt at automotive service temperatures. It has excellent pumpability and is able to be dispense through normal equipment.

Product Features:

- Superior bearing protection
- Excellent temperature stability
- Great pumpability for easy use

Customer Benefits:

- Lithium soap thickener for enhanced lubrication
- Protects equipment from rust and corrosion
- Able to be used on a number of applications

Applications:

- **Litholube Multipurpose Lithium Grease** is recommended for grease lubrications of water pumps, universal joints and regularly lubricated chassis points on cars, trucks, buses, tractors and mobile construction equipment. It can also be used for various light duty industrial applications.

Product Data Sheet

Typical Properties

Royal Litholube #2

Product Number	903AA	903AF	Test Method
Color	Amber	Amber	Visual
Texture	Smooth , Short Fiber	Smooth , Short Fiber	Visual
NLGI Grade	2	3	ASTM D 217
Worked Penetration	285	235	ASTM D 217
Drop Point, °F	320	320	ASTM D 2265
Viscosity @ 40 °C, cSt	141	141	
Viscosity @ 100 °C, cSt	11.3	11.3	
Viscosity @ 100 °F, SUS	750	750	ASTM D 445
Viscosity @ 210 °F, SUS	65	65	
Type of thickener	Lithium	Lithium	-
Oil Separation, %	4.0	4.0	ASTM D 6184

These properties are typical of the current production. Variations that do not affect product performance are to be expected depending on blending and manufacturing locations. The information above is subject to change without notice.

Health and Safety:

This product is unlikely to have any adverse health implications or safety hazards when used for its intended application. Avoid contact with skin, use resistant gloves when handling used oil. If skin comes in contact wash immediately with soap and water. For complete information on safe handling and product characteristics please refer to the Safety Data Sheet (SDS) found on our website.
