

White Lithium EP 2

Hi Temp Wheel Bearing Grease

White Lithium Grease is light colored, multipurpose lithium grease. Made from highly refined base oils.

White Lithium Grease has natural oxidation resistance. The lithium 12-hydroxystearate thickener gives the grease a dropping point of over 360 OF, for excellent high temperature performance. Formulated with rust and corrosion inhibitors. This grease gives your equipment the highest levels of protection and required lubrication.

Product Features:

- All-weather, year round performance
- Improved component protection

Customer Benefits:

- Affordable as well as high quality
- Able to be used in a number of applications

Applications:

- Recommended for the grease lubrication of water pumps, universal joints and regularly lubricated chassis points on passenger cars, trucks, buses, farm tractors and mobile construction equipment. This product is also used for general industrial and farm lubrication where lithium grease is specified.

Typical Properties

White Lithium EP 2

Product Number	901WB	901WA	Test Method
NLGI Grade	1	2	ASTM D217
Viscosity @40°C, cSt	152	152	ASTM D445
Viscosity @100°C, cSt	11.9	11.9	ASTM D445
Viscosity @100°F, SUS	813	813	ASTM D445
Viscosity @210°F, SUS	67	67	ASTM D445
Drop Point, °F	350	350	ASTM D2265
Type of Thickener	Lithium Stearate	Lithium Stearate	-
Worked Penetration	320	285	ASTM D217
Soap %	10.48	10.48	-
Oil Separation %	5	5	ASTM D6184
Rust Test	Pass	Pass	ASTM D1743
Color	White	White	Visual
Texture	Smooth, Short Fiber	Smooth, Short Fiber	Visual

These properties are typical of the current production. Variations that do not affect product performance are to be expected depending on blending and manufacturing locations. The information above is subject to change without notice.

Health and Safety:

This product is unlikely to have any adverse health implications or safety hazards when used for its intended application. Avoid contact with skin, use resistant gloves when handling used oil. If skin comes in contact wash immediately with soap and water. For complete information on safe handling and product characteristics please refer to the Safety Data Sheet (SDS) found on our website. www.royalmfg.com or call (918)-584-2671.
